PROGRAM TAKEAWAY

TESTIMONIALS :

"My rating is actually an 11. Single best YPO education event that I have been to in 15 years of YPO."

"Rockefeller habits are an incredibly powerful system, whose simplicity makes it possible to communicate our strategic plans and progress to each person in our now 1,600-strong employee body. If you want real results, forget a Harvard MBA! I know of no other strategic management system that is better"

- **Greg Krasnov, CEO, Platinum Bank**

"My sincere thanks for the Rockefeller Habits training. I attended it with my team last year in Prague. We implemented numerous processes (daily meeting, good news, next 90 days, business lunch, and walking together) during the year at our 1,200-person company. Our learning resulted in a clear definition of our strategy and priorities."

- **Roman Senecky, Managing Director, Mondri**

"Verne is the master of 'actionable' tools. His practical advice has helped align our firm around what's important and energized our team to reach for what they thought was impossible. Verne himself is a gazelle among gazelles."

- **John Warrillow, President, Warrillow & Co., Inc**

"Rockefeller workshop equipped our executives with best in class tools and skills to develop a perfect, crystal clear strategy and to get everyone aligned. Enthusiasm and inspiration throughout the organization skyrocketed. I was extremely impressed with the whole delivery and process and the phenomenal practical benefits. The team loved it and it was a great inspiration to all."

- **Emil Pilev, CEO, SIS Industries**
